Meeting Objectives

- To review recommendations presented by CDP Standing Committees regarding measures in the Spring 2021 cycle.
- To render a decision regarding endorsement of candidate measures from the Spring 2021 review cycle.

Meeting Structure

Considering the ongoing COVID-19 global pandemic, some CSAC members may need to focus their attention on the public health crisis. In order to provide greater flexibility and continue CSAC's important work to endorse measures, NQF has made an exception to the CSAC voting quorum policy. For this meeting, 80% of CSAC members will need to be present to vote. Previously, all (100%) CSAC members were required to be present to vote.

Discussion for each topic area will follow this structure:

- Overview of topic area and the Standing Committee's deliberations on the measures submitted for endorsement consideration.
- CSAC discussion.
- CSAC vote on the Standing Committee's recommendation.
