CALL FOR IMPLEMENTATION COMMENTS

As part of the maintenance review process, NQF seeks comments from the public and NQF members on the implementation and use of measures.

NQF is particularly interested in all stakeholders' experiences with the measures including:

- x Have you used this measure for any of the following purposes?
 1. Quality improvement (internal to your specific organization)
 2. Quality improvement with benchmarking (external benchmarking to multiple organizations)
 3. Professional certification or recognition program
 4. Regulatory and accreditation programs
 5. Payment program
 6. Public reporting
 7. Other _____

- x Please provide feedback regarding the usefulness of the measure for the purposes noted above.
- x If the measure is being used for public reporting (i.e., reporting to the public at large) please indicate where it is being used. Please provide any information you have on the usefulness of this information to end-users (e.g., including consumers, health plans, and delivery systems).
- x Have you encountered challenges while implementing this measure? If yes, please describe.
 1. Problems with measure specifications
 2. Challenges in obtaining the necessary data
 3. Lack of harmonization with related measures (same measure focus or same target population)
 4. Difficulties interpreting or explaining the performance results
 5. Difficulties obtaining reliable and valid comparisons of performance
 6. Unintended consequences
 7. Other: _____

- x Do you have suggestions for how this measure could be improved? Is there a better measure that should be considered in place of this measure? If so, provide details.
- x Should this measure receive endorsement for another three years? Please provide rationale.

NATIONAL QUALITY FORUM

Once the measure developers have an opportunity to review and respond to the comments, the comments will be posted on the project web page and shared with the Steering Committee for the respective measures during their review.

Commenting Guidelines

Implementation comments must be submitted using the online submission process by the designated date for which the associated *Call for Measures* closes for the project in which measures are being reviewed.

Please note the following about commenting:

- All comments should be submitted using the online submission process;
- NQF will post and take into consideration only those comments received by the above deadline(s);
- NQF reserves the right to identify and remove any objectionable content; and
- NQF is not responsible for the views and opinions expressed in posted comments.

Submission Instructions

1. Go to www.qualityforum.org/QPS, NQF's measure search tool, the Quality Positioning System (QPS).
2. Find the specific measure you want to comment on by entering the measure's NQF number or title in the search box.
3. Click on the measure title to access information on the measure.
4. Select "Submit Implementation Comment" within the top right-hand side of the measure's page.
5. Enter your comments into the form according to the guidelines suggested within this document.
6. Click "Submit Comment" at the bottom of the form to ensure your comment is submitted.

Supporting documents related to your comments may be submitted by email to measuremaintenance@qualityforum.org with the associated project's name in the subject line and your contact information in the body of the email. Any supporting documents must be received by the close of the comment period.
