Priority 1: Making care safer by reducing harm caused in the delivery of care

Priority 2: Ensuring that each **person and family members are engaged** as partners in their care

Priority 3: Promoting effective **communication and coordination** of care

Priority 4: Promoting the most effective **prevention and treatment practices** for the leading causes of mortality, starting with cardiovascular disease

Priority 5: Working with communities to promote wide use of best practices to **enable healthy living**

Priority 6: Making quality care **more affordable** for individuals, families, employers, and governments by developing and spreading new health care delivery models
