FH® Medicare GapFill PLUS

All-in-One Resource for Medicare-Based Reimbursement

All Non-Facility Medicare Codes in a Single Format—Plus Values Set to CMS Scale for Codes Not Covered by Medicare

Whether your organization is developing in-network or out-of-network fee schedules, based on market data or Medicare fees, FAIR Health has options to meet your needs. How does your organization reimburse for services that the Centers for Medicare & Medicaid Services (CMS) does not value? FH Medicare GapFill PLUS provides the solution by consolidating all non-facility CMS fee schedules and seamlessly filling in gaps with values developed by applying to FAIR Health data the scale used by CMS for Medicare fees—all in a single, easy-to-load format.

FH Medicare GapFill PLUS Advantages:

- **Representative.** While Medicare focuses on services for the elderly and disabled, FAIR Health provides values for all codes billed through private insurance. FH Medicare GapFill PLUS includes CMS fees, plus rates for over 1,500 current CPT® and HCPCS codes for which CMS does not provide a value.

- **Consistent.** To fill the gaps, FAIR Health develops values by applying to FAIR Health data the scale used by CMS for Medicare fees.

- **Comprehensive.** Includes values from all Medicare non-facility fee schedules:
  - Medicare Physician Fee Schedule (MPFS);
  - Durable Medical Equipment, Prosthetics/Orthotics and Supplies (DMEPOS);
  - Parenteral and Enteral Nutrition (DMEPEN);
  - Clinical Laboratory Fee Schedule (CLAB);
  - Average Sales Price (ASP) drug pricing file; and
  - Ambulance Fee Schedule (AFS).

- **Convenient.** A single format for all CMS non-facility fee schedules makes it easy to load files to your systems.

- **Regional.** Zip codes are mapped to the geographic areas in each CMS fee schedule, aligning values to local market areas.

- **Current.** Updated values are released twice a year.

- **Independent.** FAIR Health's reputation for integrity and objectivity has contributed to the acceptance of our data by all industry stakeholders.

FAIR Health is a national nonprofit organization whose mission is to bring transparency to healthcare costs and health insurance information through comprehensive data products, consumer resources and support for health systems research, all powered by the nation's largest collection of private health insurance claims data.
