

Consensus Development Process Behavioral Health Phase 3 Standing Committee

COMMITTEE CHAIRS

Peter Briss, MD, MPH

Medical Director, CDC, National Center for Chronic Disease Prevention and Health Promotion
Chamblee, Georgia

Dr. Peter Briss has been with CDC and the US Public Health Service for 23 years performing cross-disciplinary research and service addressing topics ranging from health care to community prevention including lead poisoning, vaccine preventable disease, tobacco, cancer, heart disease, and oral health. He is trained in medicine, epidemiology, and public health; is board certified in internal medicine and preventive medicine; and is an active clinician. He has authored more than 90 professional publications and served on many expert groups and committees including the board of directors of the National Quality Forum.

Harold Pincus, MD

Director of Quality and Outcomes Research, New York-Presbyterian Hospital, The University
Hospital of Columbia and Cornell
New York City, New York

Harold Alan Pincus, M.D. is Vice Chair of Psychiatry and Co-Director of the Irving Institute for Clinical and Translational Research at Columbia University, Director of Quality and Outcomes Research at NewYork-Presbyterian Hospital, and Senior Scientist at the RAND Corporation. Previously, he was Director of the RAND-University of Pittsburgh Health Institute and Executive Vice Chairman of Psychiatry at the University of Pittsburgh. Dr. Pincus was Deputy Medical Director of the American Psychiatric Association, founding director of APA's Office of Research, and Special Assistant to the Director of the NIMH.

COMMITTEE MEMBERS

Robert Atkins, M.D., MPH

Senior Medical Director, Aetna Medicaid
Louisville, Kentucky

I am a Board-certified psychiatrist with an MD and MPH from Johns Hopkins University and residency at University of Maryland. I have 15 years' experience as a physician executive in public and private psychiatric hospitals and a tertiary care hospital. In that setting I developed and implemented a comprehensive behavioral health system of care. Measuring and improving performance across clinical, financial and operational domains were critical to that effort.

During my subsequent 20 years as a managed care physician executive I have used leading and lagging indicators to improve performance. I now am Senior Medical Director for Aetna Medicaid, leading the integration of physical and behavioral health.

Caroline Carney Doebling, M.D., MSc

Chief Medical Officer, MDwise, Inc.

Indianapolis, Indiana

Caroline Carney Doebling, MD, MSc, FAPM, is an internist and a psychiatrist. She trained at the University of Iowa College of Medicine. She spent nearly 20 in academic medical practice, working at the interface of medical and mental health. In 2007 she became Indiana's Medicaid Medical Director. In 2010 she became the Chief Medical Officer for MDwise, Inc. Indiana's largest not for profit health plan. She oversees all clinical and provider related departments as well as the behavioral health network of over 3,500 providers. In 2007, Dr. Carney Doebling was appointed to the Governor's Mental Health Commission and continues to serve. She is published in the peer reviewed literature, and participates nationally in the insurance industry.

Mady Chalk, PhD, MSW

Dir., Policy Center, Treatment Research Institute

Washington, DC

As the Director of the Policy Center at TRI I bring many years of experience and skills in planning, policy making, and clinical work to this committee. For the past 20 years, I have served in key roles at the Institute of Medicine, the Federal government (SAMHSA), and TRI. I have also held clinical and policy positions at Yale Psychiatric Institute. With a clinical background and a Ph.D. in health policy from Brandeis University, I have contributed vision and leadership to the field of substance use illness in quality measurement and improvement, care management, policy coordination and patient-centered care.

David Einzig, MD

Medical Director of Child Psychiatry, Children's Hospital And Clinics Of Minnesota

Saint Paul, Minnesota

Dr. David Einzig provides outpatient child psychiatry services and general pediatrics at Children's Hospitals and Clinics of Minnesota. He is also a consultant for psychiatry in the hospital's pediatric clinic. A passionate teacher, volunteer, and mentor, he is interested in improving models of care by integrating psychiatry into primary care and sub-specialty clinics. Dr. Einzig is president of the Minnesota Chapter of the American Academy of Child and Adolescent Psychiatry and actively speaks on a state and local level. He received his MD from the University of Minnesota, and completed triple board residency in general pediatrics, adult psychiatry, and child and adolescent psychiatry at the University of Utah and affiliated hospitals.

Julie Goldstein Grumet, PhD

Director of Prevention and Practice, Education Development Center/Suicide Prevention Resource Center/National Action Alliance for Suicide Prevention

Washington, DC

Dr. Goldstein Grumet is the Director of Prevention and Practice at the Suicide Prevention Resource Center (SPRC). Dr. Goldstein Grumet provides strategic direction to improve the effectiveness of behavioral health, clinical care, and primary care providers to recognize and

respond to suicide emergencies. She coordinates and leads a peer-based learning collaborative of state and health care leaders who are implementing systems-wide approaches to suicide prevention, primarily through a transformation in their delivery of health care to individuals at risk for suicide.

Constance Horgan, Sc.D.

Professor and Director, Institute for Behavioral Health, The Heller School for Social Policy and Management, Brandeis University
Waltham, Massachusetts

Constance Horgan, Sc.D., is a Professor at the Heller School at Brandeis University, and founding Director of its Institute for Behavioral Health. Her research examines how alcohol, drug and mental health services are financed, organized, and delivered in the public and private sectors and what approaches can be used to improve the quality and effectiveness of the delivery system. She has led studies for a range of federal agencies, state governments, and foundations. She is the author of over 100 articles and has served on numerous expert panels and advisory committees for federal and state agencies, professional associations, and academic and community task forces.

Lisa Jensen, DNP, APRN

Associate Director Workforce & Leadership, Office of Nursing Services, Veteran's Health Administration
North Salt Lake, Utah

Dr. Lisa Jensen obtained her baccalaureate degree in Nursing at South Dakota State University, her master's degree in Nursing at Texas Woman's University, and a clinical doctorate in nursing at the University of Utah. She has worked in various positions in mental health including; staff nurse on an inpatient unit; conducting psychiatric intakes in an ED; a clinical nurse specialist in outpatient mental health; and has also held administrative positions in nursing. She also has experience in quality improvement activities at a medical center level, particularly in improving mental health measures.

Dolores (Dodi) Kelleher, MS, DMH

Principal, D Kelleher Consulting
Alameda, California

I have been a behavioral health care executive, consultant and clinician with over 25 years of experience in both public and private sectors. My work includes developing strategies and designing programs that improve people's health, wellbeing and productivity and, as a result, improve the bottom line. I have broad experience in the design, implementation, and management of specialty programs with a behavioral focus, including initiatives integrated with prevention, primary care, disability and disease management. I am a nationally recognized expert in the areas of behavioral disability and the impact of mood and behavior on productivity. My experience includes work with diverse populations and agencies, including employee assistance, managed care, mental health centers, employers, disability plans, and integrated health and wellness programs. More recently my work has focused on consumer engagement, transparency, integration of health and wellness programs in consumer directed health plan design, patient centered medical home models and value based designs.

Kraig Knudsen, PhD

Chief, Bureau of Research and Evaluation, Ohio Department of Mental Health and Addiction Services
Columbus, Ohio

Dr. Knudsen is the Chief of the Bureau of Research and Evaluation at the Ohio Department of Mental Health and Addiction Services. His interests are in intervention and services research and outcomes evaluation to persons receiving treatment in public behavioral health systems. His principal responsibilities are to direct all research, evaluation, and quality improvement for the state of Ohio's public behavioral health system, and to conduct his own research and evaluation. Dr. Knudsen has 20 years of experience providing, directing, researching, and teaching behavioral health services and has numerous peer-reviewed publications and presentations.

Michael Lardieri, LCSW

Assistant Vice President Strategic Program Development, North Shore-LIJ Department of Psychiatry
Glen Oaks, DC

Michael R. Lardieri, LCSW has over thirty years of health care experience in inpatient, outpatient and managed care settings and was behavioral health administrator for one of the largest FQHCs in the nation. He has extensive experience in implementing health information technology and integrating behavioral health and primary care. He is responsible for developing strategy and in assisting behavioral health centers nationally in implementing various HIT strategies to improve quality care. He not only provides consulting services in mental health, substance abuse but also in integrating these services with the medical fields. He sits on several National Committees.

Tami Mark, PhD, MBA

Vice President, Truven Health Analytics
Bethesda, Maryland

Over my 25 year careers, I have conducted research and developed policy documents aimed at improving the delivery of the behavioral health care. I have published over 80 peer reviewed journal articles as well as numerous government reports. I have participated in a number of government technical expert panels focused on behavioral health sponsored by NIH, SAMHSA and other agencies. I currently chair the Academy Health Behavioral Health Services Interest Group. I also direct a contract for SAMHSA called the Center for Financing Reform an Innovation. I am a visiting scholar at Brandeis University where I collaborate with other researchers on behavioral health services research stuides

Raquel Mazon Jeffers, MPH, MIA

Director of Health Integration, The Nicholson Foundation
Hopewell, New Jeresy

Raquel Mazon Jeffers is the Director for Health Integration at The Nicholson Foundation. She is responsible for grantmaking, supporting service delivery reform and innovation to improve access to quality primary and specialty care for safety-net populations. Prior to working at The Nicholson Foundation, Raquel Jeffers was the Deputy Director of the Division of Mental Health and Addiction Services (DMHAS) in the NJ Department of Human Services. Ms. Mazon Jeffers was primarily responsible for New Jersey's publicly funded mental health and addiction services community based system of care, supervising daily operations and providing operational and policy direction. Specifically, she had direct oversight of all programmatic aspects of DMHAS

including: research, planning, evaluation, workforce development, care management, and mental health and addiction prevention, early intervention, treatment and recovery support services. She also oversaw the transition of the system of care to a managed behavioral healthcare approach and lead the integration of care for clients with co-occurring mental illness and substance use disorders as well as the integration of addictions and mental health services within the primary healthcare setting.

Bernadette Melnyk, PhD, RN, CPNP/PMHNP, FAANP, FNAP, FAAN

Associate Vice President for Health Promotion, University Chief Wellness Officer, Dean and Professor, College of Nursing, Professor of Pediatrics & Psychiatry, College of Medicine, The Ohio State University
Columbus, Ohio

Bernadette Mazurek Melnyk is Associate VP for Health Promotion, Chief Wellness Officer, Dean of the College of Nursing, and Professor of Pediatrics & Psychiatry in the College of Medicine at The Ohio State University. She is an internationally recognized expert in evidence-based practice, child and adolescent mental health, and intervention research. Dr. Melnyk is an elected fellow of the Institute of Medicine, American Academy of Nursing, the National Academies of Practice, and the American Association of Nurse Practitioners. She is a member of the NIH National Advisory Council for Nursing Research and a board member of the National Guideline Clearinghouse.

Laurence Miller, MD

Senior Psychiatrist, Arkansas Medicaid, Arkansas Medicaid
Little Rock, Arkansas

Dr. Laurence Miller has spent his career working in the public/community mental health sectors treating the most complex, often dual diagnosed patients and developing protocols/policies to study the effectiveness of interventions and outcomes to improve the quality of life of our patient population. For the past 10 years, he has worked closely with the Arkansas Medicaid Pharmacy Section developing strategies for the utilization of antipsychotic and stimulant medications in children and adolescents. Since moving to Arkansas Medicaid fulltime in January 2013, as Senior Psychiatrist, he increased these efforts and review outcomes regularly. To date, the organization has decreased the use of antipsychotics 93% in non-foster children and 86% in foster children. Polypharmacy is another focus and I have developed and implemented interventions to address this issue.

David Pating, MD

Chief, Addiction Medicine, Kaiser Permanente
San Francisco, California

David Pating, MD is Chief of Addiction Medicine at Kaiser San Francisco Medical Center and Assistant Clinical Professor of Psychiatry at UCSF, where he is site-director for the fellowship in Addiction Psychiatry. He has held leadership roles in the American Society of Addiction Medicine, California Psychiatric Association, California Hospital Association and California Institute of Mental Health; and served on the National Quality Forum Behavioral Health Steering Committee for Measures I & II. Currently, Pating is a Vice-chair of California's Mental Health Services Oversight and Accountability Commission (Proposition 63), where he oversees Evaluation of California's \$1.3B annual Mental Health investment.

Vanita Pindolia, Pharm.D.

VP, Ambulatory Clinical Pharmacy Programs, Henry Ford Health System/Health Alliance Plan
Detroit, Michigan

In her current position she engages with key HAP contracted employer groups; oversees the HAP Ambulatory Pharmacy & Therapeutics (P&T) Committee (Drug Formulary) and the HAP Oncology P&T Committee; develops and implements strategies to manage specialty drugs; and identifies medication related practices for HFHS that cut across hospitals, physician groups and payer boundaries to design and develop new medication-related processes to optimize cost and quality outcomes.

Her work related to Medication Therapy Management (MTM) has gained local, regional, national and international recognition. She has developed MTM programs for the Medicare population, specific employer groups, specialty clinics, geriatric clinics, patient-centered medical homes/ACOs and hospital readmission avoidance.

Rhonda Robinson Beale, Medical Physician

Former Chief Medical Office at Optum now Health Care Consultant, Health Care Consultant
Woodland Hills, California

Dr Robinson Beale has more than 20 years of experience in health care delivery systems and quality management. Dr. Robinson Beale has been the Chief Medical Officer and Executive Vice President within several organizations. Dr Robinson Beale has served on many national boards, engaged with key committees and workgroups and has been significantly involved in influencing changes in the system. She was on the IOM committee that created “Crossing the Quality Chasm and “To Err is Human.” Dr. Robinson Beale has been involved in influencing local and national legislation particularly around Parity and ACA. Her involvements led to her having the opportunity to testify before the Senate’s Health, Education, Labor and Pension Committee (HELP) on the state of behavioral health care. Dr. Robinson Beale has served on Board of Directors for several organizations. Dr. Robinson Beale received her medical degree from Wayne State University and her psychiatric training at Detroit Psychiatric Institute. She is a Diplomat to the American Board of Psychiatry and Neurology and has been certified as an addictionologist by American Society of Addiction Medicine, (ASAM).

Hena Siddiqui, M.D.

Medical Director, Broadlawn Manor Nursing and Rehabilitation
Dix Hills, New York

Hena Siddiqui, M.D., is a certified by the American Board of Internal Medicine and by the CAQ Geriatrics Board. She is Medical Director at Broadlawn Manor Nursing and Rehabilitation in Amityville, NY (part of the North Shore/Long Island Jewish Health System). She is also Attending Physician at Beth Abraham Family Services, PACE Program. She brings 24 years of experience in evaluating and treating patients, particularly those with Dementia, and working to ensure quality.

Lisa Shea, M.D., D.F.A.P.A.

Deputy Medical Director, Quality and Regulation, Butler Hospital (Providence, RI)
Providence, Rhode Island

Dr. Lisa Shea is the Deputy Medical Director of Quality and Regulation at Butler Hospital. She is a Distinguished Fellow of the American Psychiatric Association and holds the appointment of Clinical Associate Professor in Psychiatry and Human Behavior at the Alpert School of Medicine.

She serves as Board Chair Elect of the National Association of Psychiatric Health Systems and serves on its inaugural Quality Committee. She served on the National Quality Forum's Behavioral Health Steering Committee from 2012 to 2014. At Butler Hospital, she had been intimately involved in the development of the infrastructure and education regarding HBIPS core measures.

Jeffery Susman, M.D.

Dean, Northeast Ohio Medical University, Northeast Ohio Medical University
Rootstown, Ohio

Jeff Susman, M.D., serves as the Dean of the Northeast Ohio Medical University College of Medicine. Dr. Susman graduated from Dartmouth, served in Nebraska as Associate Dean for Primary Care and was Chair, Department of Family Medicine, University of Cincinnati. He was on the steering committee of the Cincinnati RWJ Aligning Forces for Quality initiative. Dr. Susman has had funding from NIMH and AHRQ investigating primary care mental health issues. He has served as Chair of the AAFP Commission on Quality and Practice, the Co-Chair of the NQF Mental Health Outcomes Committee, and the AAFP representative to the NQF.

Michael Trangle, MD

Associate Medical Director for Behavioral Health, HealthPartners
Minnetonka, Minnesota

My formative years were lived in MN followed by high school outside of Boston and college in NY. I worked my way through college then worked in a crime lab in Oregon before returning to MN for medical school. Over the years, I've gradually enjoyed and gotten more involved community organizations where I feel like I'm fulfilling my desire to volunteer and "give back" while continuing to leverage my psychiatric and systems improvement expertise. A few recent examples include being on the Board of Governors of MN Department of Human Services, the Board of Directors for the Mental Health Association of Minnesota (a consumer run advocacy group and Mental Health Resources (which provides Supported Housing, Targeted Case Management Services, ACT, outpatient therapy, integrated (PC/BH) case management, and runs CSP drop in centers. I'm happily married with 4 adult kids, 2 dogs, and a live-in mother in law. I enjoy reading, playing soccer, tennis and running (very slowly).

Bonnie Zima, MD, MPH

Professor in Residence, Child and Adolescent Psychiatry, UCLA Semel Institute for Neuroscience and Human Behavior
Los Angeles, California

Bonnie T. Zima, MD, MPH is Associate Director of the UCLA Center for Health Services and Society and Professor-in-Residence (Child and Adolescent Psychiatry) in the UCLA Department of Psychiatry and Behavioral Sciences at the David Geffen School of Medicine. Her research focuses on the unmet need for mental health services among high risk child populations (i.e., homeless, foster care, juvenile justice) and the quality of mental health care for children enrolled in Medicaid-funded outpatient programs. Dr. Zima led the first statewide study on quality of publicly-funded outpatient child mental health care which developed and reported adherence to 121 quality indicators. Guided by this research, Dr. Zima led a five-year NIMH funded study that examined the quality of care and 18-month clinical outcomes among 546 children receiving care for ADHD in primary care and specialty mental health clinics within one of the nation's largest managed care Medicaid health plans. Currently, Dr. Zima is PI on a mobile health pilot study to

optimize stimulant medication treatment for children with ADHD served in publicly-funded mental health programs and a five-year study examining the implementation of an integrated care model in two large, publicly funded federally qualified health care centers in Chicago. Her research has received all three national research awards from the American Academy of Child and Adolescent Psychiatry (AACAP).

Leslie Zun, MD, MBA

Chair, Department of Emergency Medicine, Mount Sinai Hospital
Wilmette, Illinois

Leslie S. Zun, M.D., M.B.A. is the Chairman of the Department of Emergency Medicine at Mount Sinai Hospital in Chicago, Illinois and Chairman & Professor, Department of Emergency Medicine at the Rosalind Franklin University of Medicine and Science/Chicago Medical School in North Chicago, Illinois. His background includes a medical degree (M.D.) from Rush Medical College and a business degree (M.B.A.) from Northwestern University's J.L. Kellogg School of Management. He is board certified in Emergency Medicine by the American Board of Emergency Medicine. Dr. Zun was a chief operating officer and acting chief executive officer for a 200 bed hospital in Chicago. Dr. Zun's research interests include healthcare administration, violence prevention and behavioral emergencies. His publications have addressed the administration of the hospitals and emergency departments, physicians' bonus and incentive plans and quality improvement topics. He has presented his research and lectured on these topics both nationally and internationally. He is a board member of American Academy of Emergency Medicine and the American Association for Emergency Psychiatry. He is the chief editor of the Behavioral Emergencies for Emergency Physicians textbook and course director for the past four years for the National Update on Behavioral Emergencies conference.
