### Decisions and/or Recommendations

#### *Feedback from BCN TEP on Measure Sources*

The TEP agreed to provide the following additional information to NQF staff by January 19, 2017:

- States that are utilizing measure sets relevant to the Medicaid Beneficiaries with Complex Care Needs and High Costs (BCN) Innovation Accelerator Program (IAP) priority area; and
- Contact information for state representatives who can provide more information on measures relevant to the BCN IAP priority area.
