---

### Meeting Objectives:

- Learn approaches to eliciting, understanding, and being responsive to the preferences, values, and goals of individuals with advanced illness
  - Apply best practices and lessons learned from exemplar community and provider programs
  - Discuss opportunities to collaboratively advance quality measurement and improvement
- 

1:00 pm	<b>Welcome and Introductions</b> <i>David Longnecker, MD, Chief Clinical Innovations Officer, Coalition to Transform Advanced Care (C-TAC) <a href="#">@CTACorg</a> and Susan Frampton, PhD, President, Planetree <a href="#">@Planetree</a></i>
1:10 pm	<b>Addressing Community Needs—Lessons from a Multi-ethnic and Multi-faith Community Approach to Advanced Illness</b> <i>Rev. Dr. Don Anderson, Executive Minister of the Rhode Island Council of Churches <a href="#">@RevDonRISCC</a></i>
