

Pulmonary and Critical Care 2015-2016 Standing Committee

COMMITTEE CHAIRS

Dale Bratzler, DO, MPH

Chief Quality Officer, OU Physicians - Oklahoma University Health Sciences Center
Oklahoma City, Oklahoma

Dale Bratzler, DO, MPH is a Professor of Health Administration and Policy and Associate Dean in the College of Public Health, and a Professor in the College of Medicine at the Oklahoma University Health Sciences Center. He also serves as the Chief Quality Officer for the OU Physicians Group. Dr. Bratzler served twice as the President of the American Health Quality Association, is a past member of the National Advisory Council for the Agency for Healthcare Research and Quality, and a recent member of the Healthcare Infection Control Practices Advisory Committee for the Centers for Disease Control and Prevention.

David Lang, MD

Chair, Department of Allergy and Clinical Immunology, Respiratory Institute, Cleveland Clinic, Cleveland, Ohio

Dr. David Lang is Chair of the Department of Allergy and Clinical Immunology, Allergy/Immunology Fellowship Program Director, and Asthma Center Co-Director in the Respiratory Institute at the Cleveland Clinic. He received his MD from the University of Michigan, completed internal medicine training at Henry Ford Hospital, allergy/immunology fellowship at Scripps Clinic, and medical education fellowship at the Cleveland Clinic. Dr. Lang has carried out a number of research projects, including studies of anaphylaxis, asthma, and urticaria. He has published numerous articles, chapters, and abstracts. He teaches evidence-based medicine at Cleveland Clinic Lerner College of Medicine.

COMMITTEE MEMBERS

Gerene Bauldoff, PhD, RN, FAAN

Professor of Clinical Nursing, The Ohio State University College of Nursing
Columbus, Ohio

Gerene S. Bauldoff, PhD, RN, FAAN is a Professor of Clinical Nursing at the Ohio State University College of Nursing in Columbus, OH. Her clinical background includes home health nurse, lung transplant coordinator and pulmonary rehabilitation coordinator. She served on the Board of Directors of the American Association of Cardiovascular and Pulmonary Rehabilitation (AACVPR) (2009-2012) and serves on committees focusing on outcome evaluation and measurement. She

Biographies

served as the nursing representative on the ACCP/AACVPR Evidence-based Guidelines for Pulmonary Rehabilitation (PR) published in 2007 and on the writing committees for the NQF-approved measures for PR.

Kenneth Benson

Board Member, US COPD Coalition
West Hills, California

Kenneth (Ken) Benson has been an advocate for awareness and access to healthcare for respiratory patients with COPD since being diagnosed with adult asthma, severe emphysema and alpha-1 Antitrypsin deficiency (the leading genetic cause of COPD) in 1987. He holds a Bachelor of Science degree from Central Michigan University. He has served on the board of the Alpha-1 association where he was also the board chair and currently serves on the board of the US COPD Coalition. His most recent project was to serve as a consumer reviewer for congressionally directed medical research programs.

Curtis Collins, PharmD, MS

Specialty Pharmacist, Infectious Diseases, St. Joseph Mercy Health System
Ann Arbor, Michigan

Dr. Collins is currently an Infectious Diseases Clinical Pharmacy Specialist at St. Joseph Mercy Health System in Ann Arbor, MI. He has published extensively in the fields of infectious diseases pharmacotherapy, antimicrobial stewardship, and pharmacoeconomics. Dr. Collins is active in professional organizations such as the Society of Infectious Diseases Pharmacists, and the American Society of Health-System Pharmacists (ASHP). He is currently the Chair of ASHP's Section of Clinical Specialists and Scientists and has served on the National Quality Forum's Infectious Diseases Endorsement Maintenance Project as well as the Surgery Endorsement Maintenance Project.

Bruno DiGiovine, M.D.

Division Head, Pulmonary, Critical Care and Sleep Medicine, Henry Ford Medication Group
Detroit, Michigan

Bruno DiGiovine, MD, MPH, is the Head of the Division of Pulmonary, Critical Care, and Sleep Medicine for the Henry Ford Health System. He has published in the fields of health care disparities, hospital acquired infections, and rapid response teams. He has fostered high quality care nationally by Chairing or Co-Chairing quality improvement initiatives by the Institute for Healthcare Improvement and the Society of Critical Care Medicine. In addition, he was the first Senior Fellow for MHA's Keystone Center for Patient Safety and is also a member of the Critical Care Board of the American Board of Internal Medicine.

Todd Dorman, MD, FCCM

Professor and Vice Chair for Critical Care Services, The Johns Hopkins Hospital
Baltimore, Maryland

Dr. Dorman is BC in Internal Medicine, Anesthesiology and Critical Care. He is the Senior Associate Dean for Education Coordination and Associate Dean, CME for Johns Hopkins. He is Professor and Vice Chair for Critical Care in the Department of Anesthesiology with appointments in Medicine,

Biographies

Surgery and Nursing. Presently he serves on the institutional Steering Committees for Innovation and Safety and for the Simulation Center. Dr. Dorman has served on the Anesthesiology and Respiratory Device Committee of the FDA and on the IOM Committee on Conflict of Interest in Education, Research and Practice and is presently the President-elect of SCCM.

Kim Elliott, Q., Ph.D., C.P.H.

Administrator, Clinical Quality Management, AHCCCS
Phoenix, Arizona

Dr. Elliott is the QQM Administrator of AHCCCS. Kim leads Agency quality initiatives including quality and performance measures, quality improvement, health home, care coordination and integration. Additionally, Dr. Elliott leads the Agency's Quality Assurance/Management, EPSDT/Maternal, Child and Oral Health, Prevention and Wellness, Quality Improvement and Behavioral Health programs. Kim has participated in CMS Expert Panels including Medicaid Access to Care and in the development of Core Measure sets. Prior to her role at AHCCCS, she worked for Medicaid, commercial and Medicare health plans where she designed and implemented initiatives for preventive health, special needs, chronic disease, developmental screening and childhood obesity.

William Brendle Glomb, MD, FCCP, FAAP

Senior Medical Director, Superior HealthPlan
Austin, Texas

After being graduated from Rice University in Houston with a degree in Chemical Engineering and Mathematics, Dr. Glomb completed his medical training at the University of Texas Medical Branch, Galveston. He subsequently completed his pediatric internship and residency at Scott & White - Texas A&M University Medical School and his fellowships in the Division of Neonatology and Pediatric Pulmonology at Children's Hospital Los Angeles - University of Southern California College of Medicine. He is currently an adjunct faculty member for the UT Houston School of Public Health in Austin, volunteer faculty at the UT Southwestern School of Medicine, and a faculty member for the Preventative Medicine Residency Program of the Texas Department of State Health Services (on the Residency Advisory Committee). He is a Fellow of the American College of Chest Physicians, where he has held multiple leadership, faculty, and committee positions, and he is a Fellow of the American Academy of Pediatrics. He sits on the planning committees of two national meetings and one international annual professional meeting and is an executive director of the new Pediatric Pulmonology Board Review course. Before becoming the Medical Director in March of 2012, Dr. Glomb had served the State of Texas for over three years as Associate Medical Director of the Texas Medicaid and CHIP Programs for the Texas Health and Human Services Commission, including overseeing new innovative projects for Medicaid children which were designed to address access-to-care-related issues.

Stephen Grossbart, PhD

Senior Vice President and Chief Quality Officer, Mercy Health
Cincinnati, Ohio

Stephen R. Grossbart, PhD, is senior vice president and chief quality officer at Catholic Health Partners (CHP). Dr. Grossbart manages CHP's clinical quality improvement teams across seven regional markets. In addition, he oversees CHP's operational excellence team that has developed Biographies

and deployed the system's performance management system, and advanced analytics team. His team focuses on developing and leading CHP's system-wide efforts for clinical quality, medication and patient safety, process redesign, performance measurement, nursing excellence, chronic & palliative care, home care services, as well as quality improvement in CHP's community based physician offices. He has served and co-chaired multiple National Quality Forum committees, dating back to 2003. In 2013, he was named as one of the 50 Experts Leading the Field of Patient Safety by Becker's Hospital Review.

James Harris, PhD

Director, Research & Statistics, Children's Hospital Association
Washington, D.C.

As Director, Research and Statistics at the Children's Hospital Association (CHA), Mitch plans, executes and oversees research and analytic projects, primarily focused on pediatric health policy and quality measurement. In addition, he serves as an expert to Association staff and member hospitals providing methodological and analytic leadership. Before coming to work for CHA, Mitch worked in the quality improvement and utilization review departments of two academic health systems. He received a Master of Science degree in Epidemiology from the University of Virginia, and a Doctor of Philosophy degree in Health Services Organization and Research from Virginia Commonwealth University.

Edgar Jimenez, MD, FCCM

Vice President, Critical Care Integration and eICU - System, Baylor Scott & White Health
Temple, Texas

Dr. Edgar Jimenez serves as the Vice-President of Critical Care at Baylor Scott & White as well as a Professor of Medicine at Texas A&M University. Dr. Jimenez has a long trajectory of teaching, research, and program development both nationally and world-wide with the World Federation of Societies of Intensive and Critical Care Medicine and the Society of Critical Care Medicine. In the past, Dr. Jimenez served as a regent of the American College of Critical Care Medicine as well as a member of the Surviving Sepsis Campaign Steering Committee.

Ella Kazerooni, MD, MS

Professor, Department of Radiology Cardiothoracic Radiology Division, University of Michigan Health System
Ann Arbor, Michigan

Dr. Kazerooni chairs the ACR Committee on Lung Cancer Screening including the Lung-RADS committee, worked towards the ACR Designated Lung Cancer Screening program under CT accreditation, and co-chairs the ACR's Lung Cancer Screening Registry (LCSR).

Thomas Lampone, MD

Senior Medical Director, Florida Blue
Pensacola, Florida

Dr. Thomas Lampone is Florida Blue's Senior Medical Director for Quality and Provider Solutions. He is responsible for support, oversight, and leadership management of Florida Blue's clinical quality and multicultural health programs. Dr. Lampone also supports Florida Blue's value based

programs working with health systems and physicians to achieve quality based clinical metrics and outcomes. Dr. Lampone is board certified in Internal Medicine and is on the clinical faculty at Florida State School of Medicine, and he continues to be clinically active. Throughout his career he has been involved with community and professional organizations. Currently he serves as a board member on the Northwest Florida Council on Aging.

Richard Murray, MD

Vice President and Deputy Chief Medical Officer, Merck and Co. Inc.
North Wales, Pennsylvania

Richard Murray, MD, is the Deputy Chief Medical Officer at Merck & Co., Inc. Dr. Murray graduated from Clark University with an AB in Psychology and an MA in Chemistry. He graduated from Howard University College of Medicine, and completed training in Medicine, Pulmonary and Critical Care at the Hospital of the University of Pennsylvania. He joined the Pulmonary/ Critical Care section at HUP prior to joining Merck. He is Board Certified in Internal Medicine and Pulmonary Diseases. He serves on the Board of the Merck Foundation, the Merck Childhood Asthma Network, and the Foundation of the American Thoracic Society.

James OBrien, MD, MS

VP, Quality and Patient Safety, OhioHealth Riverside Methodist Hospital
Columbus, Ohio

After fellowship in Pulmonary and Critical Care Medicine, I spent a decade in academic medicine, completing an MS with an emphasis on Health Services Research, conducting a wide-range of research, and serving as medical director of an ICU. Over three years ago, I left academics to lead quality and safety efforts at the largest hospital in the OhioHealth system. For ten years, I served on the American College of Chest Physicians' Quality Improvement Committee, including two years as chair. I am chairman of the board of a non-profit, Sepsis Alliance, dedicated to raising awareness of sepsis as a medical emergency.

Patricia J. Ohtake, PT, PhD

Associate Professor, University of Buffalo
Buffalo, New York

Patricia J. Ohtake, PT, PhD is an Associate Professor, Department of Rehabilitation Science, State University of New York at Buffalo. She has over 50 peer-reviewed publications and extensive research experience serving as Principal investigator on over 10 projects with recently completed research on a grant funded by the American Lung Association. She draws on her experience as a physical therapist in the acute care and intensive care settings and her research on the management of patients with cardiopulmonary dysfunction to develop physical therapist students prepared to provide high quality, evidence-based rehabilitation for patients with acute and critical illness.

Susan Pollart, MD

Associate Tenured Professor; Senior Associate Dean for Faculty Affairs and Faculty Development,
University of Virginia, Department of Family Medicine
Charlottesville, Virginia

Dr. Susan M. Pollart, Ruth E. Murdaugh Professor of Family Medicine, received her undergraduate
Biographies

education at West Virginia University and her medical and graduate training at the University of Virginia where she was awarded an MD, an MS in Hospital Epidemiology, and completed her residency training in Family Medicine and a subspecialty fellowship in asthma and allergic diseases. Dr. Pollart is a board-certified family physician who maintains an active clinical practice. She has a particular interest in allergic diseases including asthma and has published extensively on this topic. From early publications in the area of cockroach allergen identification to more recent analyses of NHLBI asthma guidelines, she has explored the topic of asthma and allergic diseases from bench to bedside and from etiology to evidence based care.

Crystal Riley, PharmD, MHA, MBA, CPHQ, CHPIT

Manager, Healthcare Policy, Baxter Healthcare
Washington, DC

Dr. Riley earned her Doctorate of Pharmacy from Howard University in Washington, DC, and dual Masters' degree in Healthcare Administration and Business Administration at the University of Maryland. She was also published in 2013, providing a case study on leadership and lessons learned in healthcare and has provided technical reviews for clinical textbooks and national clinical guidelines. In addition to her academic degrees and clinical background, she is also a Certified Professional in Health Information Technology (CPHIT), a Certified Professional in Healthcare Quality (CPHQ), and holds a Yellow Belt in Lean Six Sigma processes.

Christine Schindler, PhD, RN, CPNP-AC/PC, WCC

Clinical Assistant Professor of Pediatrics, Marquette University College of Nursing
Milwaukee, Wisconsin

Dr. Schindler is Assistant Professor at Marquette University College of Nursing and Assistant Professor at Medical College of WI. She completed her BSN at Marquette University, her MSN at Rush University, and PhD at Marquette University.

David Stockwell, MD, MBA

Associate Professor of Pediatrics, Children's National Medical Center
Washington, DC

Dr. Stockwell joined Children's National Medical Center's team in July 1999, having been educated in medicine at the University of Oklahoma College of Medicine. He did his training in pediatric medicine and pediatric critical care at Children's and is board certified in both fields. In addition to medical training, he has developed an expertise in the quality of care delivery. A certified Six Sigma Black Belt, he also holds a Master's in Business Administration from The George Washington University.

Chana West, RN, MSN

Associate, Booz Allen Hamilton
Phoenix, Arizona

Chana West, RN, MSN has over 14 years of nursing experience, including a unique combination of acute care hospital experience and an extensive working knowledge of: clinical workflows, clinical quality measurement, interpreting measure specifications logic and algorithms, Meaningful Use HIT, CMS measure development and maintenance processes, and NQF endorsement processes. More than eight years of her expertise are in healthcare quality measurement ranging from

Biographies

strategic planning through implementation and reporting, including: eMeasures standards development; eMeasure development and testing processes—having led testing for 2 federal contracts; and implementing CMS measures, training clinical reviewers, and managing data collection, submission and validation activities.

Donald Yealy, MD, FACEP

Professor and Chair, University of Pittsburgh-Department of Emergency Medicine
Pittsburgh, Pennsylvania

Dr. Yealy has led trials with over \$25 million of federal funding and authored over 300 manuscripts, texts, etc. He is a leader in hospital and health system quality efforts, optimal airway management in acute respiratory failure, predictive risk modeling in pneumonia, heart failure, pulmonary embolism and subsequent translation to practice. His expert input in sepsis influenced the most recent NQF 0-500 measure and CMS sepsis-1 quality efforts. Themes of his work include: How can we improve the assessment and treatment of acute illness. Dr. Yealy leads faculty delivering care to over 950,000 patients at UPMC and the University of Pittsburgh.
