- to discuss any key issues or themes that emerged during the evaluation.

PROJECT UPDATE

The list of National Quality Forum (NQF) materials sent to the workgroup was reviewed, including the logistics memo, in preparation for the in-person Steering Committee meeting February 28-March 1, 2011. The group was advised that while measure stewards were invited to the call, they were not expected to address questions until the Steering Committee meeting, at which time their experts would be available to respond to the Steering Committee.
