

### Core Quality Measures Collaborative Health Equity Workgroup February Meeting

---

February 16, 2023

1:30 PM – 3:30 PM ET

#### Participant Instructions

Register for this meeting: <https://qualityforum-org.zoom.us/join/6B4UHLLEyotJrO>

After registering, you will receive a confirmation email containing information about joining the meeting.

#### Meeting Objectives

- Discuss strategies to identify and recommend measures promoting health equity for possible addition in to CQMC core sets
- Review the results of applied prioritization criteria within the CQMC Cardiology and Pediatrics Core Sets
- Discuss the implemented prioritization scoring criteria and identify potential modifications

#### Agenda

- |                |                                                                                                                                                                                                                                                   |
