eMeasure Learning Collaborative Planning Committee Meeting

NATIONAL QUALITY FORUM

February 28, 2012

eMeasure Learning Collaborative

Planning Group: Conference Call Agenda

- **2:00pm-2:05pm** — **Review Minutes from February 13th meeting**
- **2:05pm-2:20pm** — **HITAC In-Person Meeting Input into the eMeasure Learning Collaborative**

  eMeasure Implementation Webinar – March 15th

  Public Call for Planning Committee Nominations
- **2:20pm-2:50pm** — **Collaborative In-Person Meeting – April 26th**
- **2:50pm-2:55pm** — **Action Items/Adjourn**

February 13th Meeting Minutes

- **Call for Nominations opened**
- **Objectives and suggested speakers for webinar discussed**
- **Discussion evolved to show the need for four breakout sessions at the In-Person meeting on April 26th**

eMeasure Learning Collaborative

Planning Group: Conference Call Agenda

- 2:00pm-2:05pm — Review Minutes from February 13th meeting
- **2:05pm-2:20pm — HITAC In-Person Meeting Input into the eMeasure Learning Collaborative**
  - **eMeasure Implementation Webinar – March 15th**
  - **Call for Planning Committee Nominations**
- 2:20pm-2:50pm — Collaborative In-Person Meeting – April 26th
- 2:50pm-2:55pm — Action Items/Adjourn

HITAC Meeting February 17th

- **HITAC input into the eMeasure Learning Collaborative**

March 15th Webinar:
eMeasure Implementation: Implications in Small Practice Settings

Time: 12:30 PM – 2:00 PM ET

- Purpose:
  - To provide information related to the eMeasure implementation within small practices (e.g., physicians, private practices and clinics).

March 15th Webinar:
eMeasure Implementation: Implications in Small Practice Settings

Learning Objectives

Participants will be able to describe:

- The importance of advancing eMeasures in small practice settings
- Best practices in implementing eMeasures within ambulatory electronic health records (EHRs)
- eMeasure implementation results, challenges, and future work
- The mission of NQF's eMeasure Learning Collaborative and its value to small practice providers

March 15th Webinar:
eMeasure Implementation: Implications in Small Practice Settings

Webinar Outreach and Registration

- List the ways we are marketing NQF website
- Mass email to former webinar participants
- NQF member alerts, etc.
- Registration Link:

  http://www.myeventpartner.com/PIID=EA54D989834B

Planning Committee Nominations

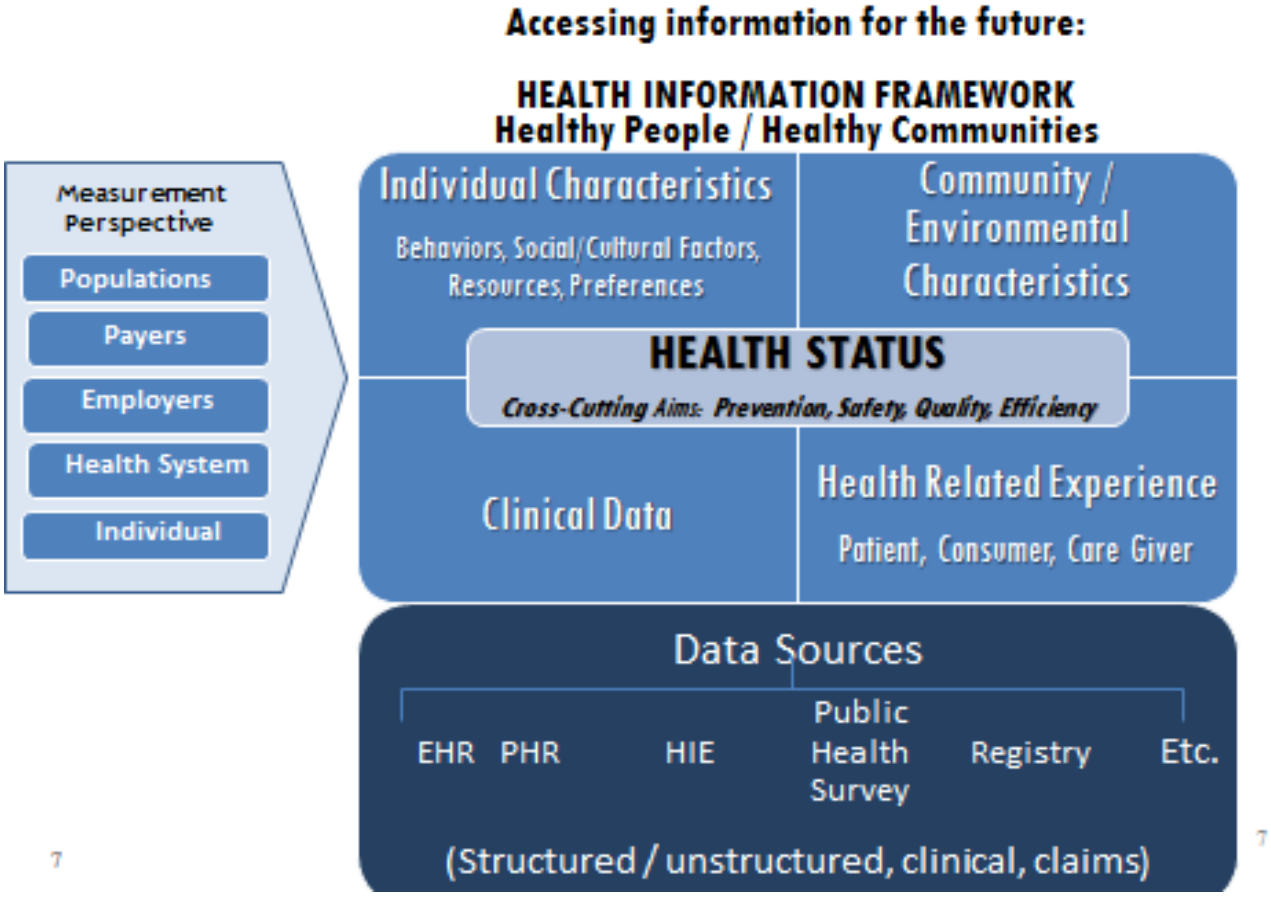
- **Public Call for eMeasure Learning Collaborative Committee Nominations**

eMeasure Learning Collaborative

Planning Group: Conference Call Agenda

2:00pm-2:05pm	Review Minutes from February 13th meeting
2:05pm-2:20pm	HITAC In-Person Meeting Input into the eMeasure Learning Collaborative
	eMeasure Implementation Webinar – March 15th
	Public Call for Planning Committee Nominations
2:20pm-2:50pm	**Collaborative In-Person Meeting – April 26th**
2:50pm-2:55pm	Action Items/Adjourn

In-Person Meeting Framework



In-Person Collaborative Meeting
Thursday, April 26th

- **Date: Thursday April 26th 8 AM – 4 PM ET**
- **Location:** NQF Offices, 9th Floor Conference Center
  1030 15th Street, NW
  Washington, DC 20005
- **Charge:** Free
- **In-Person Meeting & Virtual Meeting**
  - In-person attendees will be limited to 100
  - General session meeting and breakouts will be broadcast via the web for those unable to attend in person

In-Person Collaborative Meeting
Thursday, April 26th

Objectives

1. Advance knowledge and practice related to the development and implementation of eMeasures across all settings of healthcare;
2. Drive greater uptake of eMeasures and movement toward use of an electronic platform for quality measurement;
3. Promote awareness, provide education, and enable understanding of best practices with eMeasure implementation across various healthcare settings; and,
4. Allow knowledge sharing between all stakeholders involved in quality and performance measurement thereby expediting advancement in electronic quality measurement.

In-Person Collaborative Meeting
Thursday, April 26th

Potential Meeting Names

- eMeasures: Best Practices & Opportunities for Improvement
- Best Practices for eMeasure Implementation
- eMeasure Implementation: How-To & Best Practices
- Today & Tomorrow: the Future & Best Practices of eMeasure Implementation

Invitees - Stakeholders

- **Associations**
- **Government**
- **Insurance**
- **Medical Specialty Groups**
- **Pharmaceuticals**
- **Providers – Hospitals**
- **Standards Organizations**

Keynotes: Two Focus Areas

1. Measurement agenda for Meaningful Use and the direction from ONC regarding EHR certification and standards to support measurement

2. The Quality Measurement Agenda

In-Person Collaborative Meeting
Thursday, April 26th

Keynotes Confirmed: *Thursday April 26th*

- Farzad Mostashari, MD, ScM
  - National Coordinator for Health Information Technology
- Kate Goodrich, MD
  - CMS, *Senior Technical Advisor, Office of Clinical Standards & Quality*

In-Person Collaborative Meeting
Thursday, April 26th

- Discussion of suggested topics recommended by HITAC from the February 17th In-Person Meeting

Breakout Groups

1. Implementation *Acute*
2. Implementation *Small Practice*
3. Technical
4. Clinical Data Analytics
5. Innovation

Methods

1. Use cases showing how facilities are doing eMeasurement today
2. Use cases describing how facilities are expanding beyond what they have today
3. Sharing of examples for the future

Questions

1. ***What are best practices examples*** related to the development and implementation of eMeasures in the acute and ambulatory settings (small practice settings)?

2. ***What are the mechanisms to enhance data and workflow capability?***

3. ***What are the recommendations*** for future use of health IT and standards to enable performance measurement

4. ***How can we "rethink"*** **what we are looking for?**

Questions

1. ***What are best practices examples*** related to the development and implementation of eMeasures in the acute and ambulatory settings (small practice settings)?
   - What structured data sources are available today to develop (represent) an eMeasures?
   - What data sources are available for implementation of an eMeasure (available in health IT)?
   - What are best practice examples showing how data capture and clinical workflow interoperate?
2. ***What are the mechanisms to enhance data and workflow capability?***
3. ***What are the recommendations*** for future use of health IT and standards to enable performance measurement
4. **How can we rethink what we are looking for?**

Questions

1. ***What are best practices examples*** related to the development and implementation of eMeasures in the acute and ambulatory settings (small practice settings)?

2. ***What are the mechanisms to enhance data and workflow capability?***
   - What data sources are not available in structured format for reporting and why?
   - What are the challenges in expressing and interpreting eMeasures?
   - What techniques are used to address unstructured data?

3. ***What are the recommendations*** for future use of health IT and standards to enable performance measurement

4. **How can we rethink what we are looking for –** innovative ideas

Questions

1. ***What are best practices examples*** related to the development and implementation of eMeasures in the acute and ambulatory settings (small practice settings)?

2. ***What are the mechanisms to enhance data and workflow capability?***

3. ***What are the recommendations*** for future use of health IT and standards to enable performance measurement
   - What concepts are needed to address requirements for future measurement?
   - What innovative techniques are needed to capture structured data and manage clinical workflow to enable performance reporting as a byproduct of care delivery?
   - What are the methods for MU Stage 2?

4. **How can we rethink what we are looking for –** innovative ideas

Questions

1. ***What are best practices examples*** related to the development and implementation of eMeasures in the acute and ambulatory settings (small practice settings)?

2. ***What are the mechanisms to enhance data and workflow capability?***

3. ***What are the recommendations*** for future use of health IT and standards to enable performance measurement

4. **How can we rethink what we are looking for?**
    - What are some innovative ideas for the future?
        - MU Stage 3 as an example

In-Person Meeting

In Person Meeting | April 26, 2012

Agenda

Key Note Introduction ***9:00am – 10:30am***	Rosemary Kennedy, Introduce Janet and Floyd Janet Corrigan, Broader Picture Floyd Eisenberg, Speak to Health IT efforts at NQF and Introduce Key Note Farzad Mostashari, MD, *ONC* Kate Goodrich, MD, *CMS*
Session 1 ***10:45am – 11:45am***	1. Implementation *Acute* 2. Implementation *Small Practice* 3. Technical 4. Clinical Data Analytics 5. Innovation
Lunch Break	
Session 2 ***1:00pm – 2:00pm***	1. Implementation *Acute* 2. Implementation *Small Practice* 3. Technical 4. Clinical Data Analytics 5. Innovation
Networking Break	
Closing: Report Out & Implementation Perspectives ***2:30pm – 4:00pm***	Floyd Eisenberg, Moderator Report Out Ambulatory Perspective Inpatient Perspective Vendor Perspective State Perspective

In-Person Meeting

Track	Track Description	Track Leaders
1	Implementation Acute	Liz Johnson
2	Implementation Small Practices	
3	Technical	Delane Heldt
4	Clinical Data Analytics	Christopher Snyder
5	Innovation	

eMeasure Learning Collaborative

Planning Group: Conference Call Agenda

- 2:00pm-2:05pm — Review Minutes from February 13th meeting
- 2:05pm-2:20pm — HITAC In-Person Meeting Input into the eMeasure Learning Collaborative
  - eMeasure Implementation Webinar – March 15th
  - Public Call for Planning Committee Nominations
- 2:20pm-2:50pm — Collaborative In-Person Meeting – April 26th
- **2:50pm-2:55pm — Action Items/Adjourn**

eMeasure Learning Collaborative

Next Meeting:

March 12th, 2012

2:00-3:00PM ET/1:00-2:00PM CT

Thank You
