Topics/Structure for August 10th In-Person Meeting

Framing Proposed on 05/21/12 Conference Call

- Frame the discussion(s) around real use cases to provide focus: (a) efficiency measure concepts, and (b) care coordination concepts
- Two breakout sessions, each with the same directives (what is available today, gaps, recommendations and priorities to fill the gaps)
 - Efficiency Measurement Concepts: RAND [in progress]
 - Care coordination Measurement Concepts: TBD

Other Suggestions/Discussion

Topics/Structure for August 10th In-Person Meeting

NQF Staff identified three common themes from the breakout session output at the In-Person meeting on April 26

- Organizational Factors/Leadership
- Learning Health System Environment
- Data Capture/Workflow
 - Data availability
 - Measure expression

Topics/Structure for August 10th In-Person Meeting

Proposed Structural Areas for the Each Breakout

1. Methods to engage local organizations and providers in their own data governance
2. Changes in measure development
3. Changes in data capture and structure (for example, ejection fraction, gestational age)
4. Mechanisms for evaluating existing data
5. Workflow of data from capture to analysis to aggregation
