

**June 18, 2019**

Dear Valued Colleague,

The National Quality Forum (NQF) announces a call for nominations to join its Board of Directors. We currently have five vacancies open and new Board Members will begin their terms in January 2020.

NQF's Board of Directors is critical to accomplishing NQF's mission; the National Quality Forum is the nation's premier resource for healthcare quality measurement and improvement. NQF's Board of Directors is comprised of representatives of Member Organizations who provide strategic direction, financial oversight, and support and guidance to NQF's leadership team and membership.

NQF is seeking recognized leaders with significant experience in healthcare purchasing and consumerism, product and business development, change management, and an interest in healthcare quality measurement, improvement, and management. Nominees must be prepared to commit time and energy to board service.

Individuals elected to NQF's Board of Directors identify, promote, and cultivate relationships to support NQF's mission, membership, funding, and business development and strategic partnership efforts.

The NQF Board of Directors meets three times a year, with additional work conducted by conference call and via email, as necessary. Travel for meetings is reimbursed, but no other compensation is offered. Board Members are limited to two consecutive 3-year terms and sit as individuals, not as representatives of their employers or any group that may have nominated them for service.

Along with your nomination, please send your CV and a short bio to [nqfbod@qualityforum.org](mailto:nqfbod@qualityforum.org) by July 18, 2019.
